#Intensity

Passion for the mountains,
excitement, pure sport, intensity,
nature, style, quietness, relaxation...
everyone has his own way
of interpreting it, *but we all share
the Baqueira Beret Spirit.*

 BAQUEIRA/BERET

#baqueiraberetspirit

#baqueiraberetspirit

What is the Baqueira Beret Spirit? A feeling, a mood?

A set of experiences linked to one unique place?

One thing is for sure: however difficult it may be to define, it is something very real, that everyone who knows the resort and the valleys knows very well.

For some it is a passion for the mountains, for others its pure sport, nature, style, quietness, relaxation... everyone has his own way of interpreting it, *but we all share the Baqueira Beret Spirit.*

#Freedom

**Edurne
Pasaban**

The feeling of freedom, escape,
a unique and different way of experiencing the Pyrenees,
the sport, the skiing... *I've looked for it in many places...
and here I've found it.*

#baqueiraberetspirit

VALL D'ARAN / VALL D'ÀNEU

The culture, history, nature, food... the traditions, the landscape, the monuments... they are all here, in the valleys, in Vall d'Àneu and Val d'Aran, the Pyrenees in their purest form, in the same heart as the Catalan Pre-Coastal Mountain Range.

If there's one thing that defines life in the valleys it's the natural environment: up to 95 per cent of the territory of the valley consists of unspoiled nature. The culture, history, nature, food... the traditions, the landscape, the monuments... they are all here, in the valleys, in Vall d'Àneu and Val d'Aran, the Pyrenees in their purest form, in the same heart as the Catalan Pre-Coastal Mountain Range.

Both valleys have achieved international awards and recognition as favoured tourist destinations. Two valleys that make for the ideal environment to enjoy new, unique and unforgettable experiences.

#Nature

#Excitement

Aquilino
Ubeira

Since I started skiing in Baqueira,
more than fifty years ago, many things have changed...
but the excitement I see in my granddaughter today, her excitement
for the mountain, the skiing, the snow...
the excitement I see in her eyes is... exactly the same.

#baqueiraberetspirit

The best snow.
All ready for you to experience
your favourite activity.

The unique natural conditions,
the slopes orientation,
the facilities, the ski runs
for all levels...
the services, the more
than a thousand metres
of vertical drop...
And, of course, the snow,
plenty of snow, in the best
possible condition, carefully
maintained: perfect.

#Skiing

BAQUEIRA 1500

If we had to define Baqueira in one word it would be this:
Skiing. Because everything at Baqueira is in service of skiing.

#Enjoyment

BERET 1850

Everything for you to make the most of your skiing experience: that's Beret.

Groups of friends, families, children, expert skiers...

at Beret there are no limits when it comes to having proper, serious fun.

Nordic skiing, Freeride...and kilometres and kilometres of perfect snow.

#Obsession

Jorge
Fernández

Once the snow arrives... I can't think about anything else!
I spend the whole week looking forward to the moment I can escape
to Baqueira Beret: To enjoy the skiing... *but also the surroundings:*
the valleys, the restaurants, the resort...
it's an obsession... a very healthy one!

#baqueiraberetspirit

BONAIGUA

How would you define Bonaigua in one word? How to sum up freedom, adventure, infinite possibilities, the discovery of unexplored routes, endless descents, skiing among the trees gliding through virgin snow? All that, in one word?: Bonaigua. Because only Bonaigua is Bonaigua.

#Escape
#Freedom
#Speed
#Passion

#Technique

SCHOOLS

All the levels... at the highest level. Beginner, improvement, training.
More than 500 expert professionals across 25 schools. Individual classes, groups, workshops.
A comprehensive and effective system at your disposal: so that, no matter what your level,
you can enjoy even more everyday the sport that never ends.

ALPINE SKIING, SNOWBOARDING, TELEMAR, HELI-SKIING, DISABLED SKIING, MOUNTAINEERING, NORDIC... READY TO GET BETTER?

#Perfection

Alex
Puente

If perfection exists... you'll find it here! Because everything here is in service of the skiing: the facilities, the slopes, the snow, the people... *the perfect place to improve, to perfect your skiing!*

#Style

APRESKI

Sometimes, skiing is also about taking a stroll, shopping, restaurants... slipping between gastronomic delights and exclusive stores...letting yourself be carried away by the

atmosphere, the sensations... going for a slalom between drinks with friends, a spa session and a conversation by the fireplace... that's the Baqueira Beret style.

#Services

GENERAL TERMS AND CONDITIONS

1.- Applicable Legal Regulations

The contract, of compulsory compliance for both parties in the terms provided there in, is made up of the clauses contained within the General Terms and Conditions published in this programme/brochure, which complete and develop specific applicable legislation without contravening it, and include specific stipulations that are agreed to between Agency and Consumer. The aforementioned make up a "combined travel" contract, given that there in, a group of previously scheduled and offered services are included as a complete price, or are also planned upon customer request at a complete price. Acquiring or taking part in travel indicated within the programme/brochure entails consumer express acceptance of each and every one of the General Terms and Conditions, which are automatically considered as being incorporated to the contract, without being individually indicated in writing there in.

2.- Organisation

The organisation of this combined travel was carried out by **VIAJES BAQUEIRA BERET**, Company Tax Code **A - 25051053**, with registered address at **Afores s/n, 25598 Salardu**, Licence - Title **GC - 26 MD**.

3.- Reservation and Reimbursement

When registering or reserving, a valid credit card number is required as a caution for either the booking payment or cancellation charges that must be applied. Reservation confirmation will be carried out via email or fax before finalizing the contract. If you pay the balance before the travel start date, the customer will receive the documentation (of ski pass, meal tickets) at the hotel reception through the Delivery Express service. Reservations may be made at www.baqueira.es, at any of the Baqueira Beret offices or through your travel agency.

Prices indicated in the programme/brochure include current indirect taxes, valid at the time of brochure publication. Should VAT variations be introduced, these shall be automatically attributed to the customer, except if this occurs 20 days before the travel start date where the customer may choose to cancel travel with the right to receive payment refund. The refund will always be carried out at the agency where the booking was completed. There will be no refund for services contracted but not voluntarily used by the customer.

Skiing is a tourist and sports activity carried out outdoors on high mountains that may be affected by adverse weather. This may require partial closure of the resort, in which case there will be no refund or reduction in part of the price of any services hired. Only if the resort is completely closed will ski passes, equipment hire, classes and food services on the slopes be refunded. Accommodation will not be refunded under any circumstances. Refunds of services due to accidents on slopes will be carried out according to the price calculation of individual services. It is essential to present the corresponding medical certificate to the Resort offices and to return the ski pass within the subsequent 24 hours.

4.- The Combined Travel Price includes:

Accommodation during 7, 6, 5 nights, 2 weekend nights or Flexi Ski with a minimum of 3 nights, in hotels or apartments, according to the type chosen, that are identified within this brochure as:

BB: Bed and Breakfast
HB: Half Board (accommodation, Breakfast and Dinner that does not include drinks)

A: Only accommodation.

Ski pass for unlimited use of lifts in Baqueira and Beret skiable areas that are open at the time, for 6 days, 5 days 2 weekend nights or Flexi Ski during reserved dates. Ski pass days is consecutive and it can not be longer than the number of accommodation days plus one day.

See description of different package types at the pages 30 and subject to dates indicated in seasonal calendar.

The Flexi Ski type allows you to organise your stay (upon availability) with complete liberty of dates from 3 nights in a hotel and 3 ski pass days. These prices are calculated per person and per night.

The price does not include ski tuition, which are supplementary. Spaces in ski courses taught by instructors at the veteran Era Escola Ski School are limited, not withstanding the fact that you may sign up for courses at other schools. If you decide to choose our courses, we recommend that you book them as soon as possible. You must begin on

the course start date and no changes/cancellations may be carried out once the course has begun. The ski pass does not include accident insurance which covers skiing. See optional ski accident insurance, which must cover the same period as skiing days. A new regional tourist tax has been implanted, it will be collected at the end of the stay in hotels or apartments. As a general rule, a strict criterion of literalness is adhered to, meaning that any item not specifically stated as being included in the travel price is not included there in.

All shown prices by Viajes Baqueira Beret are official, except due to a typing mistake. All Viajes Baqueira Beret S.A.U. invoices include VAT under the Special System for travel agencies. If you would like VAT itemised under the General System in your invoice, please tell us by emailing viajes@baqueira.es before the final date of your stay or the service you have hired.

Once the invoice has been issued, it can't be amended to change the VAT system used (art. 52 of Royal Decree 1624/1992, of 29 December).

5.- Cancellations or date changes

At any time, the customer may cancel requested or contracted services, with a right to a refund of the quantities paid, both with regard to the total price or the deposit previously provided. However, the Agency will withhold the following items as compensation. Cancellation fees arising on the part of the accommodation will correspond to those indicated by each provider. For other services they shall be as follows: Chalets/houses and Apartments Ruda 1500 have 100€ extra fee cancellation in case that it occurs 45 days prior to arrival date.

10% of total amount if cancellation occurs between 7 days and 4 days inclusive before the start date.

100% if cancellation occurs 72 hours before the start date.

Counting from 0:00 checking in date.

You can see our cancellation charges when you make your booking. They will also be stated when we confirm it.

6.- Important information about hotels and apartments

Current legislation has established the official tourist category and the existence of individual and double rooms. In some of these rooms, a third or a fourth bed may be provided, as long as the use of this bed is always made known and consented to by the persons occupying the room. This unspoken agreement occurs only when customers have been previously notified of this particular circumstance, with the room being recorded as a triple or quadruple within all copies of the reservation and in the final travel documentation.

Check-in times at hotels and apartments/houses will be from 5:00 p.m. on the day of arrival and rooms must be vacated before 11:00 a.m. on the day of departure, except for 5-day stays with departure dates on Fridays at 2:00 p.m. We ask you to inform your accommodation if you plan to arrive after 9:00 p.m. Please respect these times to avoid any inconveniences that may be difficult to solve.

You are not allowed to bring animals to hotels or apartments, except with express authorisation from the establishment.

For apartment rentals, the customer is completely and exclusively responsible for correctly declaring the amount of persons occupying the apartment, without leaving out children of any age. The apartment administration may deny admittance to persons who have not been declared, and no claim may be made to this effect. The total amount of spaces in an apartment or chalet/casa corresponds to the number of available beds, which may be double beds, bunk beds, sofa beds and single beds. In some cases, extra beds and cots may be provided when requested by customers, although the published price will not include this supplement.

The customer must pay a deposit to the apartment reception for potential damages. Apartments are ready to be occupied with linen and household items corresponding to the number of reserved spaces. Daily cleaning service except for kitchen. The Multi-propiedad and Solneu apartments do not have a cleaning service on Sundays or public holidays. Aparthotel Eth Palai does only clean from 7 nights. The apartments Pessets, Luxury House Valencia d'Aneu and Esterrí d'Aneu don't include cleaning.

The rental of Nin de Beret/Floc de Neu, Ruda 1500 Apartments and Chalets/Casas does not include electricity, heating or firewood consumption, which will be charged upon customer check out. The customer must pay a deposit for potential damages. Key collection will occur during office hours at the time and place indicated in the programme/

brochure of each establishment.

Check the caution amount required for apartments.

7.- Special Conditions for Children

Given the diversity of treatment towards children, depending on age, type of establishment, date of travel, etc., viewing each establishment's conditions is recommended, which will generally be applicable when the child is sharing a room with two adults. Maximum established age is 11 years old. There are hotels that offer free accommodation for children under 11 years old. In this case the client will pay directly to the hotel the services that have used.

Children under 6 years old and adults over 70 years old have special prices for ski pass if they have previously indicated age through official documentation (passport). Children ski pass age is from 6-11, both included.

8.- Liability

The Organising Travel Agency and Final Vendor of the Combined Travel, with regard to the obligations that correspond to the travel management environment, will respond to the good execution of obligations within the contract with the consumer, regardless of the fact that the aforementioned obligations require execution by them or other service providers, notwithstanding the Organising Agency's right to take action against the same, always within the limits established in the General Terms and Conditions and in applicable legislation. When the consumer notes non-execution or faulty execution of contracted integral travel services in situ, he/she must immediately notify the provider of said services, within a period of 48 working days before the Organising Agency, so that the latter may take appropriate measures. Failure to notify the Organising Agency will mean the consumer will be liable to prove breach of contract execution before the Organiser or the Tourism General Management and/or applicable tribunals, given that outside this term, it will be impossible for the Organising Agency to verify the truthfulness of the allegations, as well as to reach a satisfactory solution for all involved parties. Should the decision reached not satisfy the customer, he/she may file a claim within one month of the return date, before the Organising Agency through the Vendor Agency, highlighting the fact that a claim was made within 48 working hours after an issue occurred. However, filing any claim with regard to the contract does not exempt customers from payment of travel.

9.- To solve any controversy related to the interpretation, application or execution or the services contained in the present document, especially those derived from an accident, both parties agree to submit to the jurisdiction of the Court of Vielha.

10.- Validity

Program valid from November 2018 to April 2019.
Edited August 2018.
